PETITIONING THE COURT

To incorporate the violations contained in this petition in future proceedings with the violations previously reported to the Court on 11/28/2023.

On August 11, 2023, an officer with the U.S. Probation Office in Spokane, Washington, reviewed a copy of the conditions of supervision with Ms. Mager as outlined in the judgement and sentence. She signed a copy acknowledging the requirements.

The probation officer believes that the offender has violated the following condition(s) of supervision:

<u>Violation Number</u>	<u>Nature of Noncompliance</u>
4	<p><u>Special Condition #5:</u> You must abstain from the use of illegal controlled substances, and must submit to urinalysis and sweat patch testing, as directed by the supervising officer, but no more than 6 tests per month, in order to confirm continued abstinence from these substances.</p> <p><u>Supporting Evidence:</u> On December 6, 2023, Amanda Mager allegedly violated special condition number 5 by failing to report for phase urinalysis testing when her assigned color was identified for testing.</p> <p>On December 7, 2023, this officer received notification from Pioneer Human Services (PHS) that the offender failed to report for phase urinalysis on December 6, 2023, when her assigned color was identified for testing.</p> <p>Attempts to contact Ms. Mager regarding her failure to report for urinalysis testing were not answered or responded to until December 11, 2023.</p>

- 5 **Special Condition #5:** You must abstain from the use of illegal controlled substances, and must submit to urinalysis and sweat patch testing, as directed by the supervising officer, but no more than 6 tests per month, in order to confirm continued abstinence from these substances.

Supporting Evidence: On or about December 10, 2023, Amanda Mager allegedly violated special condition number 5 by consuming methamphetamine.

On December 11, 2023, the offender finally responded to this officer's attempts to contact her. Because she did not respond until shortly before close of business on that date, Ms. Mager was instructed to report to the U.S. Probation Office the next morning, on December 12, 2023.

On December 12, 2023, Ms. Mager reported to the U.S. Probation Office as instructed. Before submitting to random urinalysis testing, the offender admitted to the use of methamphetamine on or about December 10, 2023; she then signed an admission of use form confirming that use.

- 6 **Special Condition #3:** You must undergo a substance abuse evaluation and, if indicated by a licensed/certified treatment provider, enter into and successfully complete an approved substance abuse treatment program, which could include inpatient treatment and aftercare upon further order of the Court. You must contribute to the cost of treatment according to your ability to pay. You must allow full reciprocal disclosure between the supervising officer and treatment provider.

Supporting Evidence: On October 18, 2023, Amanda Mager allegedly violated special condition number 3 by failing to report for her substance abuse group treatment session as scheduled.

On October 19, 2023, the undersigned received notification from PHS that the offender failed to report for her substance abuse group treatment session on October 18, 2023.

- 7 **Special Condition #5:** You must abstain from the use of illegal controlled substances, and must submit to urinalysis and sweat patch testing, as directed by the supervising officer, but no more than 6 tests per month, in order to confirm continued abstinence from these substances.

Supporting Evidence: On December 18, 2023, Amanda Mager allegedly violated special condition number 5 by failing to report for phase urinalysis testing when her assigned color was identified for testing.

On December 19, 2023, this officer received notification from PHS that the offender failed to report for phase urinalysis on December 18, 2023, when her assigned color was identified for testing.

As of the writing of this report, attempts to contact the offender regarding her failure to report for urinalysis testing have been unsuccessful.
